

Sofia is a British student. Read about her.

I don't get up early, there is no point. I can do my school work at any time during the day. Sometimes I shower, but I prefer to have a bath later on. Sometimes I have a piece of toast, but I always have a nice milky coffee.

Both my parents are working. I Whatsapp my friends and we catch up. I check the school website to see what my teachers have put on for me to do. I fill the bird seeders because my mum asks me to. So, that's my morning.
